Principled Pro-Personhood Christians:

Please call / text / e-mail these four Republican [SC Senators](#) on the 7-man Senate Medical Affairs Subcommittee to Vote "**No**" to the incremental, child-murder 'regulation' Heartbeat Bill [H3020](#) ***IN THE SUBCOMMITTEE*** on Tuesday, October 22, 2019 !!!

The Heartbeat Bill does **not** establish justice ...

Therefore, for any SC Senator to vote for the unjust Heartbeat Bill [[H3020](#)] is a violation of his Oath of Office.

Excerpts from [testimony](#) given by Christian pro-life missionary opposing incremental child-murder "regulation" Heartbeat Bill before Constitutional Laws Subcommittee of SC House Judiciary Committee, March 21, 2019: [emphasis added]

"The Heartbeat Bill **does not establish justice for all human beings at fertilization**, but chooses a biological benchmark which may occur and be detected a month and a half, or later, after fertilization, and allows all human beings in the womb prior to that point to be exterminated."

"The Oath of Office concludes with the words "preserve, protect, and defend the Constitution of this State and of the United States, So Help me God." [Note: This Oath is found in the South Carolina Constitution, Article III., Section 26.] So the Oath includes not only upholding the State Constitution, but also the U.S. Constitution. Preamble of the U.S. Constitution includes among the purposes for which the Constitution was ordained and established, that of to "establish Justice". "

"Therefore, because the Heartbeat Bill does not "establish Justice" for any human beings prior to approximately 6 weeks old, it violates the Preamble of the U.S. Constitution, which SC Representatives are sworn to "preserve, protect, and defend." "

SC Senate Hearings (2) for Heartbeat Incremental Child-Murder 'Regulation' Bill H3020 - Sept 10, 2019

The SC Heartbeat Bill does **not** Establish Justice ...

Those who support legislation to incrementally 'regulate' child-murder demonstrate a lack of understanding of the [Nature](#) and Purpose of Law; such legislation which "allow[s] or injoin[s] us to commit" child-murder, is an offense to "both the natural and the divine." How many [persons](#) must a murderer murder to be a murderer? Answer. One.

Please Call / Email / Text the four Republican SC Senators below to say **NO MORE** (after 25 plus years) of the "regulation" of child-murder, and Vote "**NO**" to the "abortion"-perpetuating Heartbeat Bill, and Vote "**NO**" IN THE SUBCOMMITTEE on Tuesday, October 22, 2019 !!!

To vote **"YES"** in the Subcommittee is to greatly increase the likelihood of passage of the unbiblical, unjust, incremental, child-murder "regulation" Heartbeat Bill ([H3020](#)) in the full Senate Medical Affairs Committee, and on the floor of the SC Senate.

In light of the fact the Heartbeat Bill has [already passed](#) the fake "pro-life" [*sic*] Republican-SUPER-MAJORITY SC House [including with selectively pro-"abortion" Rep Nancy Mace's (R) "exceptions" [amendment](#) to allow continued killing of rape and incest babies, even with a heartbeat detected], ***to vote "YES" in the Senate Medical Affairs Subcommittee may be tantamount to passing the unjust child-murder "regulation" Heartbeat Bill into law.*** Governor McMaster, supposedly pro-personhood ([really ?](#)), is expected to sign the incremental child-murder "regulation" Heartbeat Bill into law if passed by both the fake 'pro-life' [*sic*] Republican-Super-Majority SC House and the fake 'pro-life' [*sic*] Republican-Majority SC Senate.
