This reporting of these Candidate Survey Results does not constitute the giving of any endorsements by Christians for Personhood.

However, it is a great encouragement to see several candidates take a strong, principled, Biblical stand for the sanctity of life. It would be a welcome day indeed to see many House/Senate candidates with 100% survey positions, and so subsequently, Lord willing, to see more such elected as House Representatives/Senators sworn in to the House/Senate for the 2021 Session !

In addition, it should also be noted, as important, inviolable, and essential as a candidate's position is regarding the sanctity of human life (Genesis 1:27, [KJV](#)), and the Creator God-given unalienable right to life (Exodus 20:13, Matthew 19:18, [KJV](#)), there are also other Biblically-based qualifications for civil rulers. For example, see Exodus 18:21 and 2 Samuel 23:3, [KJV](#).
