No More Excuses, It's Time to Protect Life

SCFC applauds the decision by the SC Supreme Court that preserves the intent of the Heartbeat Act to prohibit abortion as soon as a heartbeat sound can be heard in the preborn child. We encourage our state law enforcement agencies to fully enforce this law - there are now no more excuses. With the high court's ruling to defend the sanctity of life, Republicans in the legislature must do the same and pass a life from conception bill immediately. SCFC members offered an amendment during the last week of session to allow the legislature to return to session to pass pro-life legislation, but House Leadership killed the amendment. We return May 28th to finish the budget and will be offering the same amendment to allow us to protect life. Call your Rep. now and urge them to vote to support life on May 28th

For Liberty,
SCFC
