

Christians for Personhood

P.O. Box 12222, Columbia, S.C. 29211 * (803) 400-3152

God says: "Thou shalt not kill (murder)." Exodus 20:13, KJV

Inclosure 2 –

Positions for Conduct of Business of Christians for Personhood

The King James Version (KJV) of the Bible will be used for all Christians for Personhood communications and materials as a rule, including news releases, statements, articles, brochures, publications, speeches; and whether written, printed, electronic, spoken, or broadcast, with allowable variation of capitalization for Deity.

The members of the Christians for Personhood Board of Directors shall consist only of professing born-again Christian men. No followers of false religions shall be permitted to serve on the Board of Directors; including followers of Roman Catholicism, Russian "Orthodoxy", Greek "Orthodoxy", Mormonism, Seventh Day Adventism, the Jehovah Witness religion, "Christian" Science, Judaism, Islam, or any other false religion.

The Divine created order as revealed in the Bible of male servant headship in the home, church, and civil government is the position of Christians for Personhood in such matters.

Christians for Personhood shall seek to Establish Justice for all pre-birth human beings, in law, at fertilization, and that without exception, by seeking the enactment of principled Personhood Legislation in State Law and/or Federal Law, which acknowledges Personhood is God-given, as man is created in God's image, and the Creator-endowed unalienable right to life exists at fertilization.

"Principled" Personhood Legislation is defined as personhood legislation without any so-called "exceptions", because God's Word says: "Thou shalt not kill (murder)." Exodus 20:13, KJV. Therefore, no "exceptions" shall be supported in any principled Personhood Legislation for "abortion" [child-murder] in circumstances of rape, incest, (so-called) "life-of-the-mother", abortifacient birth control (whether partly or completely abortifacient in its pharmacological functioning, including birth control pills which are both contraceptive and abortifacient), any procedure of in-vitro fertilization which "discards" or destroys any "excess" embryos, any procedure involving embryonic stem cells which destroys or "discards" any embryos, any and all cloning, or any other procedure or practice or method which intentionally destroys human life at fertilization or after fertilization.
